- **Finitura in Solid Surface**
Materiale innovativo, vellutato al tatto, garantisce massima resistenza, igiene e facilità di pulizia, completamente ripristinabile
- **La versione in colore bianco Solid Surface** può essere richiesta con sistema a **microgetti Airpool**, avviabile tramite telecomando
- **Comandi touch sulla vasca**

PRODUCT PLUSES

Integrated furnishing program

A coordinated furnishing program completes the bathtub, enriching it with brand new features. Drawers and pull-out baskets integrated into the bathtub body, aesthetically coordinated and with push-to-open opening, increase the containment spaces of the bathroom, while an elegant relaxing mattress in Silvertex nautical fabric on the edge of the bathtub invites you to indulge in pleasant moments of relaxation after a bath

Solid Surface finish

An innovative material, velvety to the touch, which guarantees maximum resistance, hygiene and easy cleaning; it is completely restorable

*The **Solid Surface white version** can be equipped - upon request - with the **Airpool microjets system**, manageable by remote control*
