unità - unit = mm

## Dati tecnici - Datasheet

|                                                   |                                                       |
|---------------------------------------------------|-------------------------------------------------------|
| Sorgente luminosa - Light Source                  | LED                                                   |
| Potenza - Power                                   | 1x 12,3W                                              |
| Alimentazione - Supply current                    | 230V 50Hz                                             |
| Lumen sorgente - Source lumens                    | 2700°K= 1413 lm<br>3000°K= 1470 lm<br>4000°K= 1507 lm |
| Classe di isolamento - Safety class               | I                                                     |
| IP                                                | IP20                                                  |
| Classe energetica - Energy class                  | A / A+ / A++                                          |
| Indice di resa cromatica - Colour rendering index | CRI97                                                 |
| Ottica - Optics                                   | diffusa - diffused                                    |
| Driver                                            | escluso - excluded                                    |
| Lunghezza Cavi - Cable Length                     | 1,5 mt - 59inch                                       |

## Composizione codice - Code composition

example 1234W00-AA
